 - The consensus was that a pre-tournament seeding meeting would eliminate top players meeting too early in the tournament. Also addressing bylaw 11.4-5 by using a better seeding may eliminate the drawing of competitors by placing entrants based on competition and skill.
 - E. Track Revisit
 - Vacaville presented a document that outlined events cancelled due to natural causes and events cancelled due to facility and how to score points for those events. During the discussion it was determined that the dual meet points for cancelled events should also be discussed.
 - The ADs decided to table this item awaiting input from our league track head coaches.
